Dept. of Liberal Studies

Finding Myself in the Infrastructure of Baehwa, Where the Present and Future Coexist

In the Department of Liberal Studies, students can choose their major in the second semester after completing liberal arts courses and basic major courses related to their areas of interest during the first semester of their first year. By experiencing courses from various departments, students are able to select a customized major that best suits them. Systematic future planning is supported through close guidance and mentoring from academic advisors.

Dept. of Computer Engineering

Dreaming of Becoming a Creative Leader in the Era of the 4th Industrial Revolution!

The Department of Computer Engineering trains convergence IT professionals equipped with specialized knowledge and core technologies for the 4th Industrial Revolution.

In the Ministry of Education's 2023 Bachelor's Degree Specialization Program Evaluation, the department received the highest rating of S and achieved the remarkable feat of ranking first among engineering departments in the metropolitan area!

Dept. of Software Engineering

Talents the World Needs, Leaders of the Future

The Department of Software Engineering fosters future leaders with the ability to develop software for big data, IoT, mobile, and cloud environments—key areas emerging through convergence in the 4th Industrial Revolution. The curriculum also includes training in security threat analysis and response technologies.

The department name was changed from the Department of SW Security Convergence to the Department of Software Engineering starting from the 2023 academic year.

Dept. of Global Hotel & Tourism

In the new normal era, the tourism industry is a joyful field that enhances people's happiness and quality of life.

Located in Korea's number one tourist city, the Department of Global Tourism Contents at Baehwa Women's University nurtures the next generation of female tourism leaders. This is achieved through specialized education connected to rich cultural tourism resources and hands-on field experience, outstanding faculty, and global leadership training.

Starting from the 2024 academic year, the department name will be changed from "Global Tourism Contents Department" to "Global Hotel Tourism Department."

Dept. of Global Communication_English Major

Qualify yourself in English and become an English communicator in the global era!

The Global Communication and English major aims to foster future global communicators equipped with practical English communication skills to work in international business and the global cultural industry through a systematic curriculum ranging from basic English conversation to advanced English writing, and aims to provide practical education to prepare for various domestic and international English tests for employment and further study.

Starting from the 2024 academic year,

the name of the Department of Business English will be changed to “Global Communication and English Major” and the major will be separated

Dept. of Global Communication_Japanese Major

We train Japanese language experts

with a strong foundation in Japanese culture and communication skills.

The Japanese Language Department aims to foster practical professionals who will lead Korea - Japan business relations through creative and experiential educational programs. These include Japanese language theater and kamishibai stage performances, Japanese presentations, interpretation practice, and overseas internships.

Starting from the 2024 academic year, the Japanese Language Department will change its name to “Global Communication and Japanese Language Major” and restructure its academic tracks.

Dept. of Global Communication_Chinese Major

A Cradle for Nurturing Chinese Language Experts Who Will Lead Korea - China Exchange in the 21st Century!

The Global Communication and Chinese Language major trains professionals who can contribute to cultural, economic, and tourism exchanges between Korea and China. The program aims to develop skilled practitioners through a structured, step-by-step curriculum over two years.

Dept. of Smart Business_Practical Management & Services Major

We will help you grow into a future-ready professional equipped with the skills needed in the 4th Industrial Revolution—accounting, marketing, human resources, general affairs, data analysis, and more!

The Smart Management and Management Practice Service major is where you can gain practical management expertise by utilizing real corporate data. With a focus on creativity and a spirit of challenge, we aim to cultivate talents tailored to the demands of the 4th Industrial Revolution and guide students toward diverse career paths. Starting from the 2025 academic year, the department name will be changed from “Smart Management and Data Management” to “Smart Management and Management Practice Service.”

Dept. of Smart Business_Retail & Marketing Major

Starting from the 2024 academic year, the name of the Department of International Trade and Logistics will be changed to “Smart Management and Distribution Marketing,” and the major will be reorganized.

Embracing the World as a Globally Competent Professional!

I Am a Distribution Expert in the Global Market!

Leading the Advancement of the Distribution Industry!

The Smart Management and Distribution Marketing major nurtures professionals in distribution and marketing who will take a leading role in the global market through hands-on, practical education.

Dept. of Smart Business_Office Administration Services Major

The Smart Management and Office Administration Service major trains office administration experts to support office work automation (Robotic Process Automation)

In the era of the 4th Industrial Revolution. The program aims to develop specialists in administrative services and organizational support, with a strong foundation in accounting and statistical expertise, to produce top-tier professionals in office automation and office administration services.

Starting from the 2024 academic year, the Department of Secretarial Administration and the Department of Administrative Services will merge, and the department name will be changed to “Smart Management and Administrative Services.”

Dept. of Tax Accounting

Tax Accounting Specialists with Expertise and Reliability!

The Department of Tax Accounting aims to cultivate skilled tax accounting professionals by developing their ability to anticipate future changes in management and accounting.

Dept. of Early Childhood Education

Nurturing Creative and Convergent Talents with Strong Character and Educational Ability

The Department of Early Childhood Education focuses on fostering character education and creative, convergent educational skills to help students grow into early childhood teachers who truly listen to the voices of children. We emphasize practical education through a curriculum that promotes harmonious living and by establishing strong, cooperative relationships with the field.

- Grade A in the 2022 Ministry of Education 5th Cycle Teacher Training Institution Competency Diagnosis
- Grade A in the 2017 Ministry of Education 4th Cycle Teacher Training Institution Evaluation
- Grade A in the 2014 Ministry of Education 3rd Cycle Teacher Training Institution Evaluation
- A+ in the 2004 Ministry of Education and Human Resources Development Department Evaluation

Dept. of Child Psychology

Grow into a Child Specialist Who Supports Children's Psychological Health and Harmonious Development

The Department of Child Psychology helps students learn to understand and respect children, develop their professionalism and practical skills as early childhood educators, and grow into future child development experts.

Dept. of Social Welfare

Training Social Welfare Professionals Who Can Respond Quickly to Field Needs and Contribute to Improving Korea's Future Social Welfare

As Korea enters an aging society with a low birth rate, the demand for strengthening family functions and care services is growing. In response to this social demand, the Department of Social Welfare is training professionals with the character, theoretical knowledge, and practical skills needed to systematically support the strengthening of family functions and the development of potential. These efforts aim to contribute to the health and welfare of individuals who require social support, such as families, children, youth, the elderly, women, and individuals with disabilities.

Dept. of Health & Medical Administration

Realizing the Dream of Becoming a Next-Generation Growth Engine, a Key Talent in the Healthcare Industry, and a Healthcare Administration Expert

In the era of the 4th Industrial Revolution, we cultivate future-oriented, convergence-type healthcare administration professionals who will contribute to enhancing the quality of advanced healthcare services.

Dept. of Food & Nutrition

The Right Food Culture Starts with My Hands!

We are enhancing experimental, practical, and field-based training with the goal of nurturing confident future leaders who embody the belief, dreams, and passion that “a proper food culture starts with my hands.” Our aim is to develop professionals who will contribute to the promotion of national health in the food, nutrition, and catering industries.

Dept. of Culinary Arts_K-Food Major

Different Ideas, A Special Future!

Our Food, For Our Body!

Captivate the taste buds of people around the world by nurturing the finest traditional chefs!

This department systematically preserves and passes down the rich heritage of Korean cuisine, while fostering global chefs who can lead the globalization of Korean food and the future of culinary culture by integrating modern cooking trends.

Starting from the 2024 academic year, the department name will be changed from “Culinary Arts Department, Traditional Cooking Major” to “Culinary Arts Department, K-Food Major.”

Dept. of Culinary Arts_Cuisine & Dessert Major

New Trends, Special Desserts

The dessert market is booming!

We are leading the food service dessert culture by producing the best talent in the food service and dessert industries! This department systematically provides advanced cooking theories and practical training across various food service and dessert sectors, and nurtures global talents who create new trends by integrating modern dessert culture in line with the globalization era.

Dept. of Fashion Industry

Center of the World! Center of Seoul! K-Fashion No. 1

We cultivate creative fashion professionals who will lead the K-Fashion industry in the era of digital transformation, equipped with traditional apprenticeship training and the best hands-on training system.

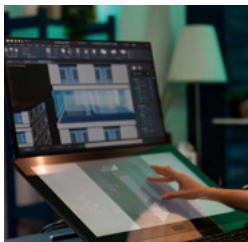

Dept. of Hanbok Cultural Contents

Balanced Education in Professional Skills and Theory on Hanbok, Crafts, and Culture

Through a balanced education in specialized skills and theoretical knowledge related to Hanbok, crafts, and culture, we help establish the identity of Korean culture and foster professionals with the awareness and capabilities to take a leading role in related fields.

Starting in 2023, Bae Hwa Women's University's Department of Hanbok Culture Contents will participate in the Jongno Hanbok Festival, held in October, by presenting a Hanbok fashion show in collaboration with the Jongno Cultural Foundation.

Dept. of Digital Content Design_Video Media Major

Training Content Creators to Lead Smart Media and Interactive Media

comprehensive knowledge required for the field. Students can systematically learn a wide range of media content—including basic visual design and planning, storytelling, and current trends such as video content, interactive media, and 3D—and develop core content for next-generation media. Starting in the 2024 academic year, the Video Media and Visual Media majors will be separated.

Dept. of Digital Content Design_Visual Media Major

Training Visual Design Talents to Lead the Cultural Industry in the Era of the 4th Industrial Revolution

This department leads the high value-added cultural industry in the era of the 4th Industrial Revolution and aims to foster practical designers through systematic study of core areas such as basic visual design, digital branding and marketing planning, and service design. Students can become convergence content designers who move seamlessly between online and offline platforms by producing a wide range of visual media content, including advertisements, editorial design, branding, character design, UI/UX, and web/mobile publishing.

Starting in the 2024 academic year, the Video Media and Visual Media majors will be separated.
